📞 07426936080 | ✉️ kaya.abiola5@gmail.com | 📍 Birmingham, UK | 🌐 [Portfolio](#) | 🔄 [/KayaM17](#)

Innovative problem-solver who is passionate about developing apps with a focus on mobile-first design and development. Strengths in creativity, teamwork, and building projects from ideation to execution.

## TECHNICAL SKILLS

- |              |            |                |             |
|--------------|------------|----------------|-------------|
| • JavaScript | ▪ Node.js  | ▪ Git          | ▪ GitLab    |
| • CSS3       | ▪ HTML5    | ▪ GitHub       | ▪ Netlify   |
| • MySQL      | ▪ React    | ▪ jQuery       | ▪ Bootstrap |
| • Firebase   | ▪ Tailwind | ▪ UX/UI Design |             |

## PROJECTS

Wanda Weather | [View project](#) | [Deployed project:](#)

- Wanda Weather provides users with accurate and up-to-date weather information in an intuitive and visually appealing interface, reflecting my commitment to delivering high-quality web applications.
- Leveraging various APIs, including weather APIs, I integrated real-time weather data retrieval into the application. Additionally, I implemented jQuery and Bootstrap to enhance user interaction and design aesthetics.
- Throughout the project, I diligently performed bug fixing to ensure smooth performance and reliability. By addressing and resolving any issues promptly, I ensured a seamless user experience.
- Wanda Weather Application provides users with accurate and up-to-date weather information in an intuitive and visually appealing interface, reflecting my commitment to delivering high-quality web applications.

Weather App | [View project](#) | [Deployed project:](#)

- The Weather Dashboard provides users with accurate and up-to-date weather information in an intuitive and visually appealing interface, reflecting my commitment to delivering high-quality web applications.

Portfolio | [View project](#) | [Deployed project:](#)

- I developed the Portfolio Application using JavaScript, React, and Node.js to create a dynamic and responsive portfolio showcasing my projects and skills.
- Leveraging Tailwind CSS for efficient styling, alongside CSS3 and HTML5, I designed an aesthetically pleasing and user-friendly interface.
- By integrating various APIs, I enhanced the functionality of the application, allowing for seamless interaction and data retrieval. Additionally, I implemented jQuery and Bootstrap to further enrich the user experience and ensure compatibility across devices.

- Throughout the development process, I conducted rigorous bug fixing to maintain the application's stability and performance, addressing any issues promptly to deliver a polished and professional portfolio.

## EXPERIENCE

### Frontend Web Developer & UX Design - *University of Birmingham*

- 16-week intense course where I was assessed on several key concepts.
- I've developed engaging web applications using JavaScript and Node.js, managing code repositories with Git and GitLab.
- Leveraging CSS3 and HTML5, I've created visually stunning designs deployed on GitHub and Netlify for seamless integration.
- With MySQL, React, jQuery, and Bootstrap, I've crafted dynamic user interfaces to enhance user experiences.
- Additionally, I've utilised Firebase and Tailwind CSS to further augment functionality and aesthetics, contributing to intuitive web applications while addressing bugs.

### Travel Consultant - *Travelperk*

- I've managed customer inquiries and bookings efficiently through Zendesk.
- Utilising Slack, I've collaborated seamlessly with team members and stakeholders.
- With Trello, I've organised tasks effectively to ensure smooth workflow.
- Leveraging Galileo and GDS, I've facilitated travel reservations and provided comprehensive solutions to clients.
